INTERIOR DESIGN EXCELLENCE AWARDS

THE last round of the 2008 Idea Awards is over. Finally the *(inside)* team can catch up on the hours of sleep they have missed from processing the myriad of submissions received for this fourth and final round. The enormous amount of entries received throughout this year and most especially for this round has exceeded all expectations and ensures that 2008 will be flagged as the biggest Idea awards ever. This

year the quantity of submissions increased by over 70 percent while the project quality has been consistently outstanding. Congratulations to all who entered and were shortlisted in this issue and indeed throughout the year.

However, there is one category that has not closed, the Designer of the Year which is the Peoples' Choice Award. Voting is open until 3 October so there is still time to make your voice

heard by nominating your favourite Designer or Design Practice. You can select a designer who has been featured in any of the issues of *(inside)* or someone completely new. Just make sure you have your say before this category closes for 2008. Go to <http://www.idea-awards.com.au/vote-for-the-designer-of-the-year/> and cast your vote.
