designer Helen Kontouris
manufacturer Schiavello

La La Stool, with its sharp hourglass lines and seamless surface, is an engaging concept from one of Australia's leading furniture designers. Encouraging different views, La La Stool's counteracting conical shapes collide diagonally, creating a fusion of crisp lines with curved forms.

designer Ross Didier

Felix is a characteristic seating range with a strong graphic presence. It is locally manufactured and designed for commercial interiors. The range includes sofas in three-seater, two-seater and single seat sizes, lounge chairs and table height chairs, with or without arms and unlimited upholstery options. Support frames are polished, chrome plated and offered as either stacking sled or pedestal disc. Origindidier is a fusion of industrial design, fine art sculpture with a strong manufacturing experience.
