EVENWHITE - TEAK

Manufacturer: Alpi **Materials/finishes:** Environmentally produced reconstructed timber veneer. **Product features:** Predicting European trends in timber straight from the Milan International Furniture Fair, Eveneer launches a new reconstructed teak veneer, evenwhite-teak. Used by Italy's leading furniture manufacturers evenwhite-teak eliminates the problems of availability and polishing encountered when using natural teak. In sheet sizes of 2800 by 640 millimetres it is one of six new items Eveneer has added to its stock range of over 40 veneers. **For more information:** Eveneer **Phone:** 1300 133 481 or +61 3 9499 7776 **Fax:** 03 9499 5552 **Email:** sales@eveneer.com.au **Web:** www.eveneer.com.au

LINE

Designer: Khodi Feiz **Manufacturer:** Ofecct **Materials/finishes:** Laminated plywood in natural, stained or lacquered finish. Metal parts in chromed or lacquered metal. **Product features:** K-Line is a family of functional accessories. Its basic design is inspired by cutaway negative shapes. The design combines the sensitivity of Scandinavian design with the functionality and sculptural design typical of Khodi Feiz. The K-Line family consists of a trolley, coat stand, umbrella stand, wall coat hanger, mirror and whiteboard. A family that will grow in time. **For more information:** Corporate Culture **Phone:** 02 9690 0077 **Fax:** 02 9690 0099 **Email:** tamara@corporateculture.com.au **Web:** www.corporateculture.com.au

XENIAN MOONBALLS
