HELEN *KONTOURIS*

Helen Kontouris is an accomplished designer who is inspired by her observation of everyday experiences, of people’s interaction with objects, and fresh perspectives gained from travel.

Renowned for her use of contrasting materials, Helen’s work has often been described as sculptural. Her products invite exploration and an intimate and sensory engagement beyond their immediacy, leading to the development of the 101 Chair, Chubby Sofa and La La stool for Schiavello.

Schiavello

La La

The La La stool is a truly versatile piece of furniture, with a form that marries both firm line work with voluptuous curves.

Designed by Helen Kontouris, the La La stool is lightweight, adaptable, and can be tipped over to reveal a different profile. It can be used not only as a stool, but also a side table or footstool. Use La La in a bathroom or living space, or cluster around a dining table for additional seating.

La La's counteracting conical shapes collide diagonally, creating a fusion of crisp lines with curved forms. Encouraging different views, its sculptural form creates a sense of movement from every angle. Made of durable polyethylene, La La's composition enables both indoor and outdoor use.

ColourLab

Schiavello’s innovative ColourLab brings a considered and cohesive palette of finishes to working and living spaces. Curated by Giulio Ridolfo and developed by Schiavello, the new palette beautifully balances colour, texture and layering across a variety of materials.

Ecology and sustainability

Schiavello's most important commitment to sustainability is the company-wide Environmental Management System under ISO 14001. The environmental design principles realised means we design for the environment, focusing on efficient energy use and minimum emissions, longevity and durability, re-use and recycling of our products.

Our principles of ME WE (Materials, Energy, Waste Emissions) give us a simple way to think how our operations impact the environment.

Printed on an Australian made paper stock that is PEFC Certified and made from elemental chlorine free bleached pulp sourced from sustainably managed forests and non-controversial sources. It is manufactured by an ISO 14001 certified mill using renewable energy sources.

About Schiavello

Schiavello is a multi-disciplinary company dedicated to developing intelligent, inspiring, ecological and resilient solutions for the office, the home and public spaces.

Schiavello's concepts and products are developed in Australia by applying a design process that brings together the company's core design principles and engineering with the creativity of local and international designers.

The Schiavello Head Office and manufacturing facilities are integral elements of the Schiavello Philosophy. They provide the opportunity to develop a rich tapestry of knowledge that ultimately informs the right solutions and tools for an organisation and its people.
