SCHIAVELLO *DESIGN STUDIO*

The Schiavello Design Studio is made up of a number of multi-disciplinary designers and engineers with expertise in industrial design, interior design and product engineering. Supported by an array of trade-based professionals, the technically focused team brings a diverse expertise to new and evolved product development.

Maintaining thoughtful, innovative and research-driven outlooks on workplace design, the Schiavello Design Studio has been the driving force behind a number of the company's most successful solutions. The most notable concepts include Krossi – the first and only Australian made and designed sit/stand desk – in 2013, the pioneering Climate malleable workplace system in 2010, and the industry-leading acoustics 'room within a room', Focus Quiet Room collection in 2019.

Now, introducing the latest sofa collection Valli in 2022, the studio continues to develop solutions catering to changing typology, business and people needs and technology requirements. All while maintaining product quality, longevity, effortless visual appeal and environmental sustainability.

Piper is responsive and malleable, able to be built upon like building blocks to create myriad clusters, shapes and configurations, designed to support the most diverse working and learning environments. Boasting utmost flexibility, the

workstation can be turned from a linear desk into a T-shape table, a corner table, a group work table, an L-shape table or a collection of clusters to suit modern working needs. It is also available in a 120° layout option.

Designed for modern workplace landscapes, Piper provides a modest and coherent aesthetic for working, meeting, training, and learning settings – resulting in a complete and comprehensive interior layout.

The workstation is visually light, with strong, steel legs that create little visual ‘noise’. Meanwhile, a minimal

understructure allows for maximum leg room, storage space and the addition of further desking accessories such as cable reticulation solutions, keeping the workspace tidy.

Minimal wastage is created during the production of Piper, thanks to the desk being designed and cut from standard material sizes.

Configurations

Piper is a part of a system that includes pieces of furniture that can stand alone, but can also be combined to create linear, back to back, corner, 90° and 120° tables, as well as standing and meeting tables. With so many configurations possible, Piper is a workstation that caters to the changing modern workspace, while remaining sturdy, strong and classic in design.

Single table

1200mm-2200mm / 47.2"-86.6" W
700mm-800mm / 27.5"-31.4" D
720mm / 28.3" H

Side by side table

1200mm-2200mm / 47.2"-86.6" W
700mm-800mm / 27.5"-31.4" D
720mm / 28.3" H

Back to back table

1500mm-1800mm / 59"-70.8" W
1450mm-1650mm / 57"-64.9" D
720mm / 28.3" H

90° table

1600mm-1800mm / 63"-70.8" W
700mm-800mm / 27.5"-31.4" D
720mm / 28.3" H

120° table

1200mm-1400mm / 47.2"-55.1" W
700mm-800mm / 27.5"-31.4" D
720mm / 28.3" H

T-shape table

1600mm-1800mm / 63"-70.8" W
700mm-800mm / 27.5"-31.4" D
720mm / 28.3" H

Cross table

1600mm-1800mm / 63"-70.8" W
700mm-800mm / 27.5"-31.4" D
720mm / 28.3" H

Meeting table

1200mm-2400mm / 47.2"-94.4" W
900mm-1800mm / 94.5"-295.3" D
720mm / 28.3" H

High table

1200mm-2400mm / 47.2"-94.4" W
900mm-1100mm / 94.5"-295.3" D
1050mm / 41.3" H

Accessories

Panels

Schiavello system panels are a sturdy design built to be floor or desk-mounted and are available in a choice of fabric, PET, MDF, veneer, glass or metal.

System 18 Panel 18mm thick

System 30 Panel 30mm thick

Vide Panel 25mm thick (rubber or metal trim)

Scope Panel and Accessory Rail

Lettric

Designed in-house by Schiavello, Lettric is a collection of various electrification options. Available in the Schiavello ColourLab powder coat range, Lettric features aluminium housing that enables personalisation and neat cable management.

Ecology and sustainability

Schiavello's most important commitment to sustainability is the company-wide Environmental Management System under ISO 14001. The environmental design principles realised means we design for the environment, focusing on efficient energy use and minimum emissions, longevity and durability, re-use and recycling of our products.

Our principles of ME WE (Materials, Energy, Waste Emissions) give us a simple way to think about how our operations impact the environment.

Printed on an Australian made paper stock that is PEFC Certified and made from elemental chlorine-free bleached pulp sourced from sustainably managed forests and non-controversial sources. It is manufactured by an ISO 14001 certified mill using renewable energy sources.

About Schiavello

Schiavello is a multi-disciplinary company dedicated to developing intelligent, inspiring, ecological and resilient solutions for the office, the home and public spaces.

Schiavello's concepts and products are developed in Australia by applying a design process that brings together the company's core design principles and engineering with the creativity of local and international designers.

The Schiavello head office and world-class manufacturing facilities are integral to our continually developing rich tapestry of knowledge. This knowledge ultimately assists us in informing the right solutions and tools for each organisation's needs and people, allowing us to consistently achieve our philosophy that 'Anything is possible'.
