

Rib

The Rib collection is simple yet strong and compliments a space with it's organic form. Through Connell's selection of natural timber, Rib compliments harder more contemporary environments. Realised through the need for a more practical chair, Rib is light weight and durable.

— Designed by Chris Connell, Melbourne, 2014

Materials & Characteristics

Made from solid European Ash, Rib's designed with simple proportions giving it an honest, natural and casual appeal.

Available in a range of clear polish, paints and timber stains. The Rib Chair has the ability to stack four chairs high.

Rib Options

The Rib Chair is available with or without a seat pad, in a range of different colours to suit any home and/or hospitality décor.
